Supreme Comfort, Thrilling Views

After an extensive refurbishment, *Silver Cloud* will offer more gilt-edged refinements than you would ever expect on an ice-strengthened expedition ship in Antarctica. Along with five dining options, her service and space ratios are the highest in expedition cruising. With panoramic public rooms, broad decks, and verandas in most suites, breaching whales or cavorting penguins are never far from view. *Silver Cloud* can carry up to 260 guests. But when in polar waters, we've chosen to limit the number of guests to 200.

Go Further, Get Closer

Silver Explorer can literally spirit just 130 guests to the ends of the Earth. Along with voyages in South America, Africa and Europe, her specially-strengthened hull enables her to glide through ice packs in both the Arctic and Antarctica. Relax after a hard day of discovery in the comfort of your suite and toast your adventures with a complimentary cocktail. Some suites also include a private veranda, an extravagance rarely seen in expedition cruising.
